

## Tokyo Financial Exchange

# TFX Launches First Licensed Nasdaq-100 CFD in Japan

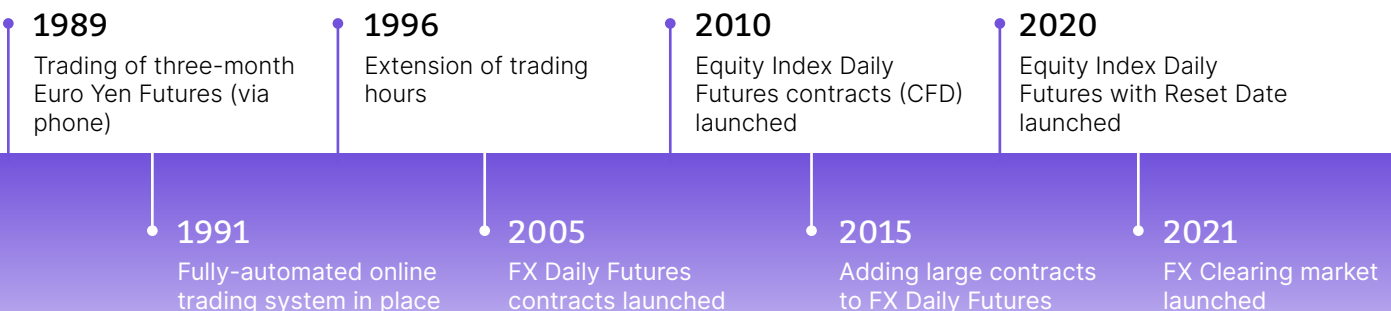

TFX launches first licensed Nasdaq-100 CFD in Japan empowering local investors with more accessibility to the global investment opportunities.

### A KEY PLAYER IN THE LOCAL MARKET

Tokyo Financial Exchange (TFX) was originally started in 1989 as Tokyo Financial Futures Exchange (TIFFE) to assume on-exchange transaction of interest rate futures. The market was thrived with the participants from all over the world, it built the foundation of the solid network with global big players.

After evolving to TFX pursuing to be a more comprehensive financial exchange, using the expertise in futures and the global connection, TFX launched new markets for FX Daily Futures contracts (aka FX) branded "Click 365" and Equity Index Daily Futures contracts (aka CFDs) branded "Click Kabu 365" successfully which made TFX an indispensable financial infrastructure with the variety of products to the broad range of customer base, from institutional investors and individual traders.

TFX never settles to being innovative. Leveraging 30+ experience as the entire ecosystem supporting from trade execution through clearing, TFX recently expanded the reach to the new field FX Clearing which assumes cover transactions of OTC FX aiming to provide stability to FX market in Japan. TFX is exploring further for the possibility to make the most of its strength to other asset classes.

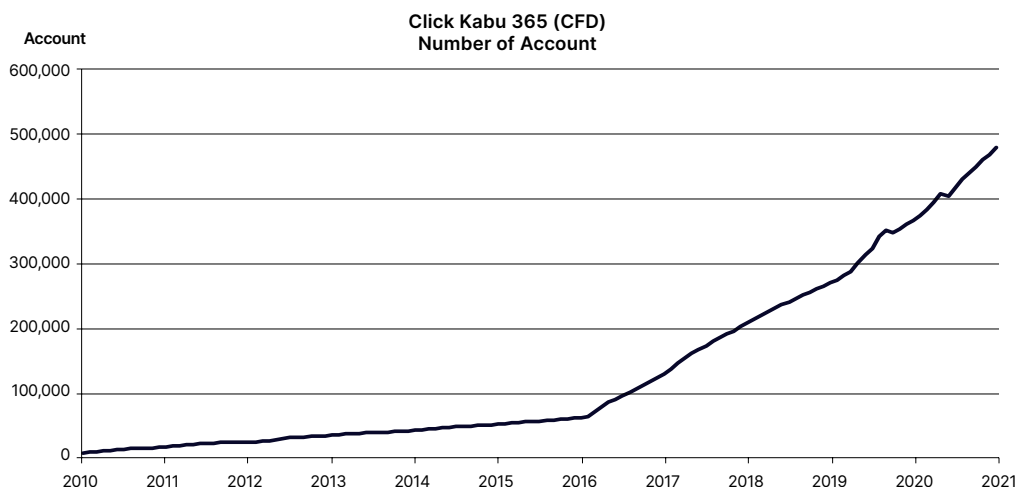

## RESPONDING INVESTORS' NEEDS IN INTEGRITY ONLY LICENSED CFD PROVIDER IN JAPAN

It is the known fact that the FX trading volume in Japan is prominent around the globe. By the time TFX's FX solidified its position on the ground of FX market in Japan with exchange-native transparency, stability and fairness, TFX launched CFDs in 2010 as one of the groundbreakers. The market size already reached 484,000 in account and 153 billion JPY in trading volume per day in the last decade and has gained nearly 50% share of the entire CFD market in Japan. TFX's CFD is still showing signs of more growth.
