TRADING LICENSE FEES

Unless otherwise specified price is per User per calendar month and are charged on an incremental basis within its applicable license fee column. For example, the license fees for 3 Users of the same client are calculated as [fee for user 1] + [fee for user 2] + [fee for user 3] (and not as 3 x [fee for user 3]) and so on. Different columns are calculated separately on the same basis. Licenses starting or ending within a calendar month will accrue fees for the entire month.

User	Standard Client ¹	Trayport ²	Third Party Client ³	View only ⁴
1	EUR 400	EUR 600	EUR 400	EUR 150
