

Nasdaq and FirstBoard.io®

Accelerating Female Representation on Corporate Boards

FirstBoard.io® is a curated collective of female tech and health-tech Founders, CXOs, and VP level operating leaders working together to increase female representation on company boards. FirstBoard.io's members have driven growth and scale across multiple verticals & disciplines, resulting in billion dollar exits and IPOs. Members of the extended Firstboard.io network are ready to serve as board members for private and public companies.

FirstBoard.io is a curated group of accomplished female executives in technology, working together to increase the representation of women on boards and at the highest level of corporate governance and management. The expertise of all FirstBoard.io board members is defined across three dimensions important to any corporate board.

- **Technology:** All FirstBoard.io board members are highly skilled executives with significant technology expertise.
- **Operating:** All FirstBoard.io board members have served in operating leadership roles at public and private technology companies.
- **Scale:** FirstBoard.io board members have driven companies to scale, resulting in million dollar exits and IPOs.

Nasdaq Listings may access Board Placement Services at FirstBoard.io's Board Search Level or Premium Managed Board search level.
