If substantial changes are made to a company during a short period of time, or in its business activities in other respects, to such a degree that the company may be regarded as a new undertaking, the exchange may initiate an examination comparable to that conducted for an entirely new company applying for listing on the exchange. If this is considered to be the case, the exchange will charge application fees and an annual fee for the remainder of the year in accordance with the pricelist.

The annual fee covers one calendar year and is invoiced in January, or within two months after a new listing. The annual fee is charged for each commenced year of listing. The annual fee will not be refunded if an issuer is delisted during the calendar year. In case of delisting, the issuer shall also pay a delisting fee according to this pricelist.

In the event that an issuer is acquired by another company with shares admitted to trading on Nasdaq First North Growth Market or Nasdaq Nordic Main Market (excluding the Baltics and Iceland), and applies for delisting no later than December 31st and is delisted no later than January 31st of the following year, the issuer will not be charged annual fee for the second half of the year in which the issuer is delisted.
